OFFICE ACTION

Cancellation of Non-Appealed Claims

- 1. This communication is in response to the Appeal Brief and Information Disclosure Statement filed November 2, 2009.
- 2. The Board of Appeals and Interferences (Board), in *Ex parte Ghuman*, http://www.uspto.gov/web/offices/dcom/bpai/prec/rm081175.pdf (BPAI May 14, 2008) (precedential), held that in appeals where rejected claims are either expressly withdrawn, or else are implicitly withdrawn by not presenting arguments in support of patentability, the Board will remand (or return) the application to the Examiner with instructions to cancel the expressly or implicitly withdrawn claims. See also MPEP § 1215.03 (8th ed. Rev. 7 Sept 2008).
- 3. In the Appeal Brief filed November 2, 2009 Appellant has not appealed all rejected claims. Specifically, a review of the Grounds of Rejection on the record finds that rejections are outstanding for all previously pending claims, claims 2-29.
- 4. The rejected claims that have not been appealed, thus which have been deemed expressly withdrawn, are claims 20-29.
- 5. The rejected claims that have not been argued in support of patentability, thus which have been deemed implicitly withdrawn, are claims 3-8, 11-14, and 16-19.

6. Therefore, in accordance with *Ex parte Ghuman* and Board instructions in this matter, claims 3-8, 11-14, and 16-29 are hereby cancelled for being non-appealed as being either explicitly or implicitly withdrawn from appeal by appellant.

7. Claims 2, 9, 10, and 15 have been properly appealed and argued in support of patentability by appellant, thus remain pending and appealed in the instant matter.

Information Disclosure Statement

- 8. The information disclosure statement filed 2 November 2009 fails to comply with 37 CFR 1.97(d) because it lacks a statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.
 - (A) A statement under this section must state either:
 - (1) That each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement; or
 - (2) That no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of the information disclosure statement.
